SEVEN SEAS ILLUSTRATED AUSTRALIAN HINGELESS STAMP ALBUMS

These albums incorporate all the features which have made Seven Seas Hingeless Albums the world's best-selling albums for Australian stamps:

* Pages printed in two colours on heavyweight matt stock, with titles, release dates, perfs, designers' names and interesting background information on each issue.

* German-made polystyrol mounts firmly hold your stamps without disturbing the original gum. Polystyrol contains no chemical softeners or additives which can harm stamps. Under each mount is a photographic illustration of the stamp it contains, to help you mount stamps in their correct positions on the pages.

* Albums contained in heavily-padded, 3-ring binders which enable pages to be opened out flat - a big plus over peg, post and spring-back binders. Binders are gold-blocked on spines.

* Matching slipcases keep your collection clean and dust-free.

* Annual Supplements released each January - many months ahead of competitors.
